

This guide explains how to install and uninstall ActiveTick Excel Add-in.

## To install ActiveTick Excel Add-in:

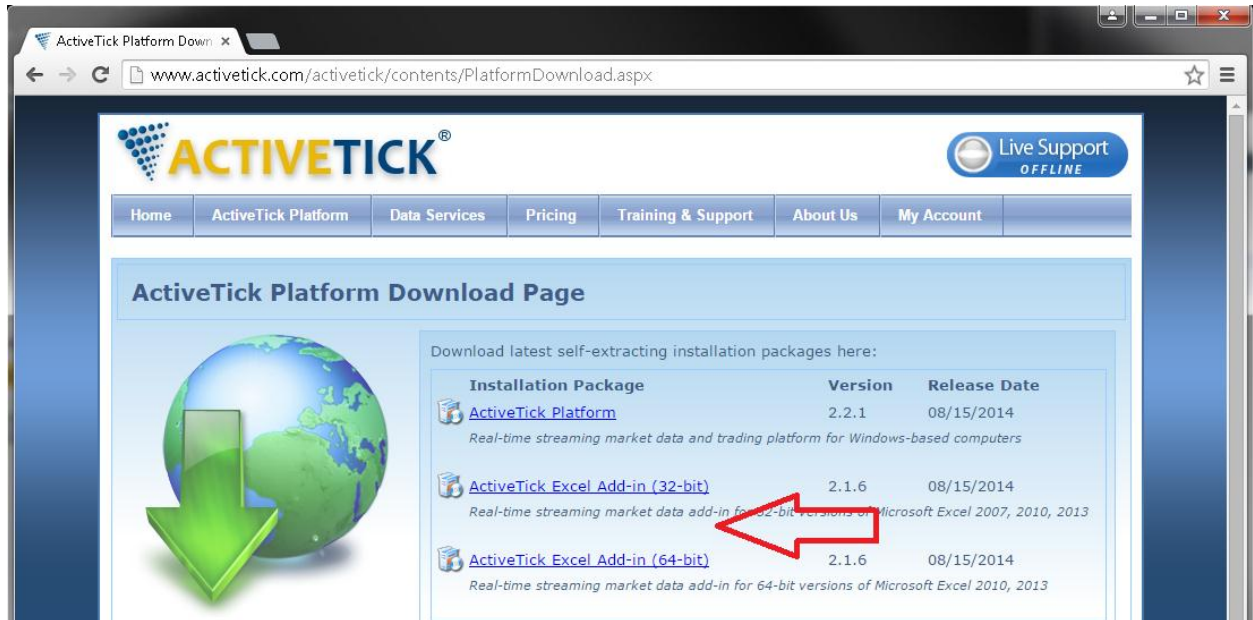

Step 1. Determine your Excel version in order to download proper version of the Add-in. The version can be found by launching Excel, and then navigating to File -> Help -> About Microsoft Excel section:

Step 2. Download ActiveTick Excel Add-in to your computer:

Latest Add-in installation package can be downloaded from ActiveTick's website using the following link: <http://www.activetick.com/activetick/contents/PlatformDownload.aspx>.

32-bit or 64-bit version of Excel should match the Add-in installation package. Installing wrong version will cause the Add-in not to function.
